

Why choose **Austin Healthcare Solutions?**

We understand you want **more for less**. This may get you to try our product, but it is our **quality** and **customer service** which will keep you.

Your customer loyalty rests on what distinguishes our products from those of our competitors. For this reason we constantly innovate our current offerings and continue to look for new and exciting products to expand our offerings to ensure you have the best quality at a great value.

Introducing our two new **Revolutionary FOAMS**

FELIPE represents a new generation reticulated open cell memory foam. It specifically designed to target the main weaknesses of conventional memory foam, introducing its breathable open-cell nature enabling it to quickly release body heat, providing greater comfort.

NOAH, our carbon-based open cell memory foam with its physical structure allows the foam to self-ventilate. Moisture is able to travel throughout the material while dispersing body heat.

Our **Promise** to you

If we cannot manufacture it or immediately help you with our in stock supply, we will assist you in sourcing it.

What makes us **different**

Using your own **custom artwork** or designs is a great way to create a unique mattress or cover.

Are you looking for a **custom size** mattress, topper, linens, or mattress protector? We can do almost any size or shape.

Ask about **custom fabrics**. We have access to hundreds of fabrics and colors.

For easier shipping, many of our products arrive **compressed** and decompressed in less than 10 minutes.

All our mattress products can be made for **bariatric** application with an 8-inch depth.

All our mattress meet or exceed the **FDA regulations** and 16 CFR 1632 and 1633 flammability standards.

Featuring our **Medical Grade Products**

We are committed to making the most technologically advanced and comfortable support surfaces.

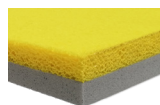

Acute Comfort Care

We combine our breathable, **NOAH** and **FELIPE** memory foams with our high-resilience foams to create this incredibly comfortable surface. It is the perfect combination for intensive care applications, where a less humid bed surface is critical.

Smart-Turn

The Dual Density Mattress is made to attend to different patient needs, a firm side and a soft side. Both sides have a soft feet heel area and built-in 6" side perimeter ease resident transfers and reduce the risk of falls.

Smart-Turn Topper

You receive the benefits of open cell technology while having the pressure reducing applications of viscoelastic foam. We combine our breathable FILIPE foam with our high-resilience foams to create an incredibly comfortable mattress surface.

Replacement Covers

Sealed or Hidden Zipper covers

Our covers help provide comfort, safety, and easy maintenance in institutional settings. The vinyl covers are antimicrobial, and stain and odor resistant.

Stretcher Pads

Our Stretchers come with healthcare vinyl cover accompanied with our Multi-layered, Medical grade, High resiliency, Urethane foam.

Disposable Garments

We carry LEVEL 1 professional disposable garments providing quality, sanitary patient care.

- Packages for Surgery
- Trousers
- Surgical Boots
- Gowns
- Disposable Sheet
- Caps
- Pleated Mask

Wedge Pads

Helping you promote safety and reduce the risk of entrapment. Unique design helps reduce entrapment between mattress and side rail.

Fall Protectors

Reduce the impact from falls. A low-profile beveled edge helps prevent accidental tripping and allows wheelchairs to pass over easily.

Anti-slip Bottom Surface

Sofa Beds

Converts into a bed. High density, high resilience, longer lasting and comfortable. Anti-slip vinyl backing for floor protection. Choose between gray or beige polyester fabric or blue PU that is antibacterial, antimicrobial, easy to clean, and water resistance

Custom Products

If you think of it, we can make it. All our products can be custom designed to your specifications.

We also offer mattresses for the home
